

WHY FENCING?

Fencing is one of the world's oldest, safest and fastest growing sports in the world. Fencing is a high paced athletic activity that uniquely blends the mind and the body. Fencing allows you to become physically fit and healthy as well as develop your ability to solve problems and make sound decisions while constantly being active. These characteristics help our students reach their full potential on and off the "STRIP"!

THE ACADEMY

Salle Mauro Fencing Academy is Houston's largest and most successful Fencing Academy. We welcome fencers of all ages and skill levels.

We pride ourselves on teaching the fundamentals of fencing to our students as an opportunity for them to enjoy the sport recreationally and competitively if they so choose.

Our experienced and dedicated coaching staff strives for nothing less than an exceptional fencing experience. Salle Mauro has produced over 20 National Champions. Fencing can even lead to receive SCHOLARSHIPS at prestigious universities such as Stanford, Colombia and Harvard.

ABOUT

Salle Mauro fully supports the recreational fencer and we strive to provide an exciting, fun outlet for anyone interested in pursuing the sport in a relaxed manner.

However, what sets us apart from the crowd is our focus on achievement and success. Fencers with more ambitious dreams of National Titles and Olympic Medals will find our staff know exactly how to develop them to the level they aspire to.

Weekly lessons, both group and private, as well as consistent practices are mandatory for young fencers interested in both polishing their skills and in competing. However, a short-term, intensive work-out is periodically in order to really pin down and master a certain skill.

Salle Mauro Fencing Academy's core training program is regularly augmented with camps and clinics during the summer months (June through August), as well as over winter and spring school breaks. For four or five hours a day, campers have the opportunity to experience unprecedented, in-depth training in footwork, bladework, and bouts, with video analysis available for catching mistakes instantaneously, and games to blow off some steam (while reinforcing key skills, of course). For the beginning fencer, we also offer introductory camps.
